

Bankwest Easy Home Loan

CBA backing with simpler product line. Worth comparing against parent CBA offerings.

Pros

+ Simpler product line than CBA — fewer fees, fewer packages to model

Cons

Branch footprint outside WA is thin and being progressively wound down

Key Takeaways

1. Bankwest is winding down East Coast branches

CBA has been consolidating Bankwest branches outside WA. For East Coast customers, the digital experience is the relevant comparison; not the branch.

2. Less package complexity

Unlike CommBank Wealth Package, Bankwest Easy keeps the product simple — no monthly fee, no offset bundling. Cheaper headline structure for owner-occupier P&I.

3. AFSL 236872 — Bankwest

Subsidiary of Commonwealth Bank of Australia. APRA-regulated ADI.
